# FM-10

8080950

Flush Mount

Product Overview

The FM-10 is a metal flush mount designed to integrate most 10" IPPC and APPC models into drywall or other materials seamlessly. It ensures a sleek, professional appearance while allowing easy removal for maintenance.

Please note: The FM-10 is not compatible with IPPC models from the R24 Generation or IPPC with Intel® Processor N50, as using the flush mount with these models may result in overheating.

Specifically designed to securely fit compatible 10" IPPC and APPC models for drywall and other material installations.

Constructed with high-quality metal for reliability and long-term use.
Designed for quick removal, allowing efficient servicing or upgrades.

Includes mounting holes and drywall fixtures to support diverse installation requirements.
